

Declaration by the Perit – Site investigation borehole reaching saturated zone

Details:

Proposed size of borehole diameter in cm: _____

Location of borehole: Northing: _____ Easting: _____

Total proposed depth of borehole in m: _____

Depth to mean sea level from well head in m _____

If the borehole or excavation works will touch an underlying blue clay geological formation:

a Estimated depth from road level to top of blue clay formation: _____

b Estimated depth from road level to bottom of blue clay formation: _____

Declaration

I, the undersigned Perit, hereby declare that to the best of my knowledge that:

- the content in this application and on the submitted plans and photos is true, correct and complete.
- either no PA permit is required, or the works are covered by a PA permit.

I will submit a certificate of closure of the borehole to the MRA once the coring has been completed.

Signed: _____ Date (dd/mm/yyyy): _____

Full Name and Official Stamp: _____

Documents to be attached to this declaration:

1. Site plan: A4 extract from the latest Survey Sheet on a Scale of 1: 2500 and indicating

- the site boundaries in red;
- the location of the proposed borehole;
- the positions from which the photographs were taken on the site plan.

The site plan shall be signed, dated and certified by a Perit.

2. At least 2 colour photographs of the proposed location of borehole taken from different points and which points are to be clearly indicated on all the site plans. These photographs shall be signed, dated and certified by the Perit.
