

Declaration by the Perit – Foundations or excavation works in the saturated zone

Details:

Proposed area covered by excavation works in the saturated zone in m²

Boundaries of excavation works: Northing: _____ Easting: _____

Northing: _____ Easting: _____

Maximum proposed depth of excavation works in m: _____

Estimated depth to mean sea level in m from ground level: _____

Coordinates where reference to depth to groundwater is being made (indicate also the location on the site plans): Northing: _____ Easting : _____

If the excavation works will touch an underlying blue clay geological formation:

a Estimated depth from road level to top of blue clay formation: _____

b Estimated depth from road level to bottom of blue clay formation: _____

Declaration

I, the undersigned Perit, hereby declare that to the best of my knowledge that:

- the content in this application and on the submitted plans, photos and drawings is true, correct and complete.
- the works are covered by a PA permit.

Any parts of the works that could be below the water table shall be fully sealed to prevent ingress or egress of water.

Signed: _____ Date (dd/mm/yyyy): _____

Full Name and Official Stamp: _____

Documents to be attached to this declaration:

1. Site plan: A4 extract from the latest Survey Sheet on a Scale of 1: 2500 and indicating

- the site boundaries in red;
- the location of the proposed excavation works;
- the location of reference point of ground level to which depth to groundwater is given in item 32 or 37 above;
- the co-ordinates of the excavation works, north point and distance from the nearest corner of an existing building of the borehole or excavation works;
- the positions from which the photographs were taken on the site plan.

The site plan shall be signed, dated and certified by the Perit.

2. A copy size A4 of:

- a. architectural plans
- b. at least drawings showing a longitudinal and a cross-section through the site and which clearly show the proposed works and existing site levels. All drawings shall be drawn at an appropriate scale and shall be certified by a Perit.

3. At least 2 colour photographs of the proposed location of excavation works taken from different points and which points are to be clearly indicated on all the site plans. These photographs shall be signed, dated and certified by a Perit.
