

Declaration by the Perit – Replacement borehole

Details:

Proposed size of borehole diameter in cm: _____

Location of borehole: Northing: _____ Easting: _____

Total proposed depth of borehole in m: _____

Depth to mean sea level from well head in m _____

Depth of casing below well head in m (if applicable) _____

If the borehole or excavation works will touch an underlying blue clay geological formation:

a Estimated depth from road level to top of blue clay formation: _____

b Estimated depth from road level to bottom of blue clay formation: _____

Declaration

I, the undersigned Perit, hereby declare that to the best of my knowledge that:

- the content in this application and on the submitted plans and photos is true, correct and complete.
- the source as marked on the attached site plan is irretrievably collapsed; and
- the pump and piping were retrieved from the collapsed source; OR the pump and piping could not be removed from the source and any piping and wiring have been severed and disconnected in such a manner that the pump cannot be put in service again.

I confirm that no PA permit is required for this borehole.

Signed: _____ Date (dd/mm/yyyy): _____

Full Name and Official Stamp: _____

Documents to be attached to this declaration:

1. Site plan: A4 extract from the latest Survey Sheet on a Scale of 1: 2500 and indicating
 - the site boundaries in red;
 - the location of the proposed borehole;
 - the location of the collapsed borehole;
 - the positions from which the photographs were taken on the site plan.

The site plan shall be signed, dated and certified by a Perit.

2. One colour photograph of the existing ‘collapsed’ wellhead, and one colour photograph of the structure in which the source is located taken from a distance of 5-10m

3. At least 2 colour photographs of the proposed location of borehole taken from different points and which points are to be clearly indicated on all the site plans. These photographs shall be signed, dated and certified by the Perit.
